HeadCount-12 month

1. At what level do you currently and actively play soccer? Please check all that apply.
   o High School
   o Intercollegiate (Division 1, Division 2, Division 3 etc)
   o Collegiate Intramural
   o Organized League Play (non-school related)
   o Pick Up

2. [text box, number] At what age did you first start heading the ball in soccer? (Enter ‘0’ if you do not usually head the ball)

The following questions ask about various aspects of organized competitive soccer in which you have participated over the past 12 months. Please note that the various sections and questions ask separately about competitive soccer GAMES versus soccer PRACTICE and about INDOOR versus OUTDOOR play. For this reason, it may seem that same questions are asked more than once. This is not an error, but is because we want to learn about aspects of your soccer play in different contexts. Please pay careful attention to the instructions in order to be sure you are answering the specific question that is asked.

For GAMES, consider competitive games between your team and another team.

For PRACTICE, consider any sessions of organized team practice, including practice games (e.g., scrimmages).

OUTDOOR GAMES

The following set of questions asks about GAMES played OUTDOORS.

3. Did you play any GAMES OUTDOORS over the past 12 months? (For OUTDOOR GAMES, consider any competitive games between your team and another team played outdoors.)
   o Yes
   o No [skip to question 16]

OUTDOOR GAMES

4. [dropdown; ‘Less than 1 on average’, 1...to 12] On average, how many total months did you play GAMES OUTDOORS in the past 12 months?

5. [dropdown; ‘Less than 1 on average’, 1...to 7] On average, how many days per week did you play GAMES OUTDOORS? (Please note the distinction between number of DAYS played per week vs.
number of GAMES played per week. For example, in one day you could play 2 games, but in 2
days, you cannot play one game.)

6. [dropdown; ‘Less than 1 on average’, 1...to 20] On average, how many GAMES did you play per
week OUTDOORS? (Please note the distinction between number of DAYS played per week vs.
number of GAMES played per week. For example, in one day you could play 2 games, but in 2
days, you cannot play one game.)

7. During OUTDOOR GAMES, what was your MAIN POSITION, the position you played most often in
the past 12 months?
   - Forward
   - Midfield
   - Defense
   - Goaltender

8. How often did you play in this MAIN POSITION in all OUTDOOR GAMES during the past 12
months? Check one.
   - Less than half the time
   - More than half the time
   - Most of the time
   - Always or almost always

9. [dropdown; 0 to 50+] While playing in your MAIN POSITION, about how many times did you head
the ball during a single game in OUTDOOR GAMES? [if response for #8 was ‘Always or almost
always’ skip to question 12]

10. When you were not playing in your MAIN POSITION, what ALTERNATE POSITION did you play
most often in the past 12 months in OUTDOOR GAMES?
   - Forward
   - Midfield
   - Defense
   - Goaltender

11. Would you say the amount of heading you did in your MAIN POSITION compared to your
ALTERNATE POSITION for OUTDOOR GAMES was:
   - Much more frequent
   - More frequent
   - About the same
   - Less frequent
   - Much less frequent
Usually heading is unremarkable. Sometimes, though, heading is not quite right and may cause dizziness, confusion or other feelings. Referring to the scale and examples below, please indicate how often you experience different severities of heading.

<table>
<thead>
<tr>
<th>Best Heading</th>

</table>

12. How often did MILD IMPACT happen in the past 12 months during OUTDOOR GAMES?
   - Never
   - Once in a while
   - Every 4th to 6th game
   - Every 2nd to 3rd game
   - 1-2 times per game
   - 3+ times per game

13. How often did MODERATE IMPACT happen in the past 12 months during OUTDOOR GAMES?
   - Never
   - Once in a while
   - Every 4th to 6th game
   - Every 2nd to 3rd game
   - 1-2 times per game
   - 3+ times per game

14. How often did SEVERE IMPACT happen in the past 12 months during OUTDOOR GAMES?
   - Never
   - Once in a while
   - Every 4th to 6th game
   - Every 2nd to 3rd game
   - 1-2 times per game
15. How often did VERY SEVERE IMPACT happen in the past 12 months during OUTDOOR GAMES?
   o Never
   o Once in a while
   o Every 4th to 6th game
   o Every 2nd to 3rd game
   o 1-2 times per game
   o 3+ times per game

OUTDOOR PRACTICE

The next set of questions asks about OUTDOOR soccer PRACTICE

16. Did you PRACTICE OUTDOORS over the past 12 months?
   o Yes
   o No [if response to #3 was ‘Yes’ skip to question 26; if response to #3 was ‘No’ skip to question 32]

OUTDOOR PRACTICE

17. [dropdown; ‘Less than 1 on average’, 1…to 7] On average, how many days per week did you PRACTICE OUTDOORS?

18. [dropdown; 0 to 50+] On average, how many times did you head the ball during a single OUTDOOR PRACTICE?

Usually heading is unremarkable. Sometimes, though, heading is not quite right and may cause dizziness, confusion or other feelings. Referring to the scale and examples below, please indicate how often you experience different severities of heading.

</table>
19. How often did MILD IMPACT happen in the past 12 months during OUTDOOR PRACTICE?
   - Never
   - Once in a while
   - Every 4th to 6th game
   - Every 2nd to 3rd game
   - 1-2 times per game
   - 3+ times per game

20. How often did MODERATE IMPACT happen in the past 12 months during OUTDOOR PRACTICE?
   - Never
   - Once in a while
   - Every 4th to 6th game
   - Every 2nd to 3rd game
   - 1-2 times per game
   - 3+ times per game

21. How often did SEVERE IMPACT happen in the past 12 months during OUTDOOR PRACTICE?
   - Never
   - Once in a while
   - Every 4th to 6th game
   - Every 2nd to 3rd game
   - 1-2 times per game
   - 3+ times per game

22. How often did VERY SEVERE IMPACT happen in the past 12 months during OUTDOOR PRACTICE?
   - Never
   - Once in a while
   - Every 4th to 6th game
   - Every 2nd to 3rd game
   - 1-2 times per game
   - 3+ times per game
OUTDOOR PRACTICE

During soccer practice, it is common for players to perform drills to improve heading accuracy and technique. Drills could involve a coach or partner tossing the ball in the air, even at very low velocity, for the practicing player to head, or other techniques such as kicking balls in the air. These drills typically consist of “sets” of multiple “repetitions”, where each heading is a “repetition” and multiple headings are grouped into “sets” of headings performed one after the other, often with little or no time before the next “repetition”. For the following questions, please think about heading drills that you typically perform during OUTDOOR PRACTICE.

23. How often did you do heading drills during OUTDOOR PRACTICE in the past 12 months?
   - Never [skip to question 26]
   - Once in a while
   - Every 4th to 6th game
   - Every 2nd to 3rd game
   - 1-2 times per game
   - 3+ times per game

24. How many repetitions do you typically perform in a single set during OUTDOOR PRACTICE?
   - 5 or less
   - 6 - 10
   - 11 - 20
   - 21 - 30
   - More than 30

25. How many sets do you perform in a typical OUTDOOR PRACTICE?
   - 1
   - 2
   - 3
   - 4 or more

For these next questions, please consider both competitive soccer GAMES and soccer PRACTICE played OUTDOORS in the past 12 months

How many times during OUTDOOR soccer in the past 12 months did you:

26. Get hit in the back of the head by a ball?
   - 0
   - 1
   - 2+

27. Hit your head against a goalpost?
   - 0
28. Hit your head against another player’s head?
   - 0
   - 1
   - 2+

29. Fall and hit your head on the ground?
   - 0
   - 1
   - 2+

30. Hit your head against a player’s elbow, knee, etc.?
   - 0
   - 1
   - 2+

31. Have your head stepped on or kicked by another player?
   - 0
   - 1
   - 2+

INDOOR GAMES

The following questions ask about GAMES played INDOORS

32. Did you play any GAMES INDOORS over the past 12 months? (For INDOOR GAMES, consider any competitive games between your team and another team played indoors.)
   - Yes
   - No [skip to question 45]

33. [dropdown; ‘Less than 1 on average’, 1…to 12] On average, how many total months did you play GAMES INDOORS in the past 12 months?

34. [dropdown; ‘Less than 1 on average’, 1…to 7] On average, how many days per week did you play GAMES INDOORS? (Please note the distinction between number of DAYS played per week vs. number of GAMES played per week. For example, in one day you could play 2 games, but in 2 days, you cannot play one game.)
35. [dropdown; ‘Less than 1 on average’, 1...to 20] On average, how many GAMES did you play per week INDOORS? *(Please note the distinction between number of DAYS played per week vs. number of GAMES played per week. For example, in one day you could play 2 games, but in 2 days, you cannot play one game.)*

36. During INDOORS GAMES, what was your MAIN POSITION, the position you played most often in the past 12 months?
   o Forward
   o Midfield
   o Defense
   o Goaltender

37. How often did you play in this MAIN POSITION in all INDOORS GAMES during the past 12 months? Check one.
   o Less than half the time
   o More than half the time
   o Most of the time
   o Always or almost always

38. [dropdown; 0 to 50+] While playing in your MAIN POSITION, about how many times did you head the ball during a single game in INDOORS GAMES? *[if response for #37 was ‘Always or almost always’ skip to question 41]*

39. When you were not playing in your MAIN POSITION, what ALTERNATE POSITION did you play most often in the past 12 months in INDOORS GAMES?
   o Forward
   o Midfield
   o Defense
   o Goaltender

40. Would you say the amount of heading you did in your MAIN POSITION compared to your ALTERNATE POSITION for INDOORS GAMES was:
   o Much more frequent
   o More frequent
   o About the same
   o Less frequent
   o Much less frequent
Usually heading is unremarkable. Sometimes, though, heading is not quite right and may cause dizziness, confusion or other feelings. Referring to the scale and examples below, please indicate how often you experience different severities of heading.

INDOOR PRACTICE

During soccer practice, it is common for players to perform drills to improve heading accuracy and technique. Drills could involve a coach or partner tossing the ball in the air, even at very low velocity, for the practicing player to head, or other techniques such as kicking balls in the air. These drills typically consist of “sets” of multiple “repetitions”, where each heading is a “repetition” and multiple headings are grouped into “sets” of headings performed one after the other, often with little or no time before the next “repetition”.

For the following questions, please think about heading drills that you typically perform during INDOOR PRACTICE.

52. How often did you do heading drills during INDOOR PRACTICE in the past 12 months?
   o Never [skip to question 55]
   o Once in a while
   o Every 4th to 6th game
   o Every 2nd to 3rd game
   o 1-2 times per game
   o 3+ times per game

53. How many repetitions do you typically perform in a single set during INDOOR PRACTICE?
   o 5 or less
   o 6 - 10
   o 11 - 20
   o 21 - 30
   o More than 30

54. How many sets do you perform in a typical INDOOR PRACTICE?
   o 1
   o 2
   o 3
   o 4 or more

For these next questions, please consider both competitive soccer GAMES and soccer PRACTICE played INDOORS in the past 12 months

55. Get hit in the back of the head by a ball?
   o 0
   o 1
   o 2+

56. Hit your head against a goalpost?
   o 0
57. Hit your head against another player’s head?
   o 0
   o 1
   o 2+

58. Fall and hit your head on the ground?
   o 0
   o 1
   o 2+

59. Hit your head against a player’s elbow, knee, etc.?
   o 0
   o 1
   o 2+

60. Have your head stepped on or kicked by another player?
   o 0
   o 1
   o 2+

SOCCER HISTORY

You just told us about your soccer play over the last 12 months. For the following questions, please consider your soccer play and practice before that time.

61. [Dropdown; 1 to 55] How many years have you played or practiced soccer at a similar frequency?

62. Prior to the period indicated above, did you play soccer?
   o Yes
   o No [Skip to question 65]

63. Prior to the period indicated above, did you play?
   o Much less frequently/intensely
   o Less frequently/intensely
   o About the same
   o More frequently/intensely
   o Much more frequently/intensely
64. Prior to the period indicated above, did you head the ball?
   o Much less
   o Less
   o About the same
   o More
   o Much more

CONCUSSION HISTORY

The following section asks about any time, during your entire life that you have experienced a concussion. Consider a concussion to be a head injury for which you received or were advised to seek medical attention, whether or not you actually lost consciousness.

65. Have you ever experienced a concussion?
   o Yes
   o No [skip to question 107]

66. [dropdown; 1 to 10] How many concussions have you experienced in your lifetime? [complete concussion history sections based on how many concussions have been experienced (i.e. if response to question 66 is ‘3’, answer Concussion #1, #2, and #3)]

CONCUSSION HISTORY

Please answer the questions below for each time you experienced a concussion? Start with the most recent injury.

Concussion #1

67. When did the concussion occur?
   o Within the last 6 months
   o More than 6 months up to 1 year
   o More than 1 year to 2 years
   o More than 2 years to 5 years
   o More than 5 years ago

68. What was the cause of the injury?
   o Heading the ball
   o Collision with another soccer player
   o Other sports
   o Car accident
   o Fall
   o Assault
   o Other
69. Check the one that best describes what happened?
   o I was dazed but not unconscious
   o I was unconscious for less than 1 minute
   o I was unconscious for 1 - 20 minutes
   o I was unconscious for more than 20 minutes
   o I do not remember

70. Were you hospitalized?
   o Yes
   o No

Concussion #2

71. When did the concussion occur?
   o Within the last 6 months
   o More than 6 months up to 1 year
   o More than 1 year to 2 years
   o More than 2 years to 5 years
   o More than 5 years ago

72. What was the cause of the injury?
   o Heading the ball
   o Collision with another soccer player
   o Other sports
   o Car accident
   o Fall
   o Assault
   o Other

73. Check the one that best describes what happened?
   o I was dazed but not unconscious
   o I was unconscious for less than 1 minute
   o I was unconscious for 1 - 20 minutes
   o I was unconscious for more than 20 minutes
   o I do not remember

74. Were you hospitalized?
   o Yes
   o No
Concussion #3

75. When did the concussion occur?
   - Within the last 6 months
   - More than 6 months up to 1 year
   - More than 1 year to 2 years
   - More than 2 years to 5 years
   - More than 5 years ago

76. What was the cause of the injury?
   - Heading the ball
   - Collision with another soccer player
   - Other sports
   - Car accident
   - Fall
   - Assault
   - Other

77. Check the one that best describes what happened?
   - I was dazed but not unconscious
   - I was unconscious for less than 1 minute
   - I was unconscious for 1 - 20 minutes
   - I was unconscious for more than 20 minutes
   - I do not remember

78. Were you hospitalized?
   - Yes
   - No

Concussion #4

79. When did the concussion occur?
   - Within the last 6 months
   - More than 6 months up to 1 year
   - More than 1 year to 2 years
   - More than 2 years to 5 years
   - More than 5 years ago

80. What was the cause of the injury?
   - Heading the ball
   - Collision with another soccer player
   - Other sports
   - Car accident
81. Check the one that best describes what happened?
- I was dazed but not unconscious
- I was unconscious for less than 1 minute
- I was unconscious for 1 - 20 minutes
- I was unconscious for more than 20 minutes
- I do not remember

82. Were you hospitalized?
- Yes
- No

Concussion #5

83. When did the concussion occur?
- Within the last 6 months
- More than 6 months up to 1 year
- More than 1 year to 2 years
- More than 2 years to 5 years
- More than 5 years ago

84. What was the cause of the injury?
- Heading the ball
- Collision with another soccer player
- Other sports
- Car accident
- Fall
- Assault
- Other

85. Check the one that best describes what happened?
- I was dazed but not unconscious
- I was unconscious for less than 1 minute
- I was unconscious for 1 - 20 minutes
- I was unconscious for more than 20 minutes
- I do not remember

86. Were you hospitalized?
Concussion #6

87. When did the concussion occur?
   - Within the last 6 months
   - More than 6 months up to 1 year
   - More than 1 year to 2 years
   - More than 2 years to 5 years
   - More than 5 years ago

88. What was the cause of the injury?
   - Heading the ball
   - Collision with another soccer player
   - Other sports
   - Car accident
   - Fall
   - Assault
   - Other

89. Check the one that best describes what happened?
   - I was dazed but not unconscious
   - I was unconscious for less than 1 minute
   - I was unconscious for 1 - 20 minutes
   - I was unconscious for more than 20 minutes
   - I do not remember

90. Were you hospitalized?
   - Yes
   - No

Concussion #7

91. When did the concussion occur?
   - Within the last 6 months
   - More than 6 months up to 1 year
   - More than 1 year to 2 years
   - More than 2 years to 5 years
   - More than 5 years ago
92. What was the cause of the injury?
   - Heading the ball
   - Collision with another soccer player
   - Other sports
   - Car accident
   - Fall
   - Assault
   - Other

93. Check the one that best describes what happened?
   - I was dazed but not unconscious
   - I was unconscious for less than 1 minute
   - I was unconscious for 1 - 20 minutes
   - I was unconscious for more than 20 minutes
   - I do not remember

94. Were you hospitalized?
   - Yes
   - No

Concussion #8

95. When did the concussion occur?
   - Within the last 6 months
   - More than 6 months up to 1 year
   - More than 1 year to 2 years
   - More than 2 years to 5 years
   - More than 5 years ago

96. What was the cause of the injury?
   - Heading the ball
   - Collision with another soccer player
   - Other sports
   - Car accident
   - Fall
   - Assault
   - Other

97. Check the one that best describes what happened?
   - I was dazed but not unconscious
   - I was unconscious for less than 1 minute
   - I was unconscious for 1 - 20 minutes
98. Were you hospitalized?
   - Yes
   - No

Concussion #9

99. When did the concussion occur?
   - Within the last 6 months
   - More than 6 months up to 1 year
   - More than 1 year to 2 years
   - More than 2 years to 5 years
   - More than 5 years ago

100. What was the cause of the injury?
   - Heading the ball
   - Collision with another soccer player
   - Other sports
   - Car accident
   - Fall
   - Assault
   - Other

101. Check the one that best describes what happened?
   - I was dazed but not unconscious
   - I was unconscious for less than 1 minute
   - I was unconscious for 1 - 20 minutes
   - I was unconscious for more than 20 minutes
   - I do not remember

102. Were you hospitalized?
   - Yes
   - No

Concussion #10

103. When did the concussion occur?
   - Within the last 6 months
   - More than 6 months up to 1 year
104. What was the cause of the injury?
   o Heading the ball
   o Collision with another soccer player
   o Other sports
   o Car accident
   o Fall
   o Assault
   o Other

105. Check the one that best describes what happened?
   o I was dazed but not unconscious
   o I was unconscious for less than 1 minute
   o I was unconscious for 1 - 20 minutes
   o I was unconscious for more than 20 minutes
   o I do not remember

106. Were you hospitalized?
   o Yes
   o No

PROTECTIVE HEAD GEAR USAGE

107. Do you wear protective head gear when you play soccer?
   o No [skip to question 109]
   o Yes, all the time
   o Yes, most of the time
   o Yes, some of the time
